

European Union and New Regionalism

Regional Actors and Global Governance in a Post-Hegemonic Era

Second Edition

Edited by **Mario Telò**, Université Libre de Bruxelles, Belgium

'...a thorough, provocative and comparative inquiry into the dynamics that are fostering and limiting regional forms of governance as alternatives to those associated with globalization...can be readily put to good use by theorists, policy makers, students and other readers concerned about where the world is heading.'
– *James N. Rosenau, George Washington University, USA*

'...an updated and significantly revised 2nd edition of the earlier path-breaking book. This volume combines history, analysis and theory to illuminate developments in the European Community and the place of the Community in a post-hegemonic world. Like its predecessor, this book is a must for anyone attempting to understand the contemporary international world.' – *Robert Gilpin, Princeton University, USA.*

Stemming from an international and multidisciplinary network of leading specialists, this best-selling text is fully updated with new chapter additions. The new edition highlights external relations in the framework of the development of regional arrangements within the globalized world of the 21st century.
