Network of PhD Schools

Objectives

The GARNET network of excellence organizes international seminars for doctoral students. It provides intensive one-week programmes of lectures and seminars on Global Governance, Regionalism & the European Union.

The Ph.D. seminars, based upon active student participation, aim at creating a network of Ph.D. students and researchers concerned with the analysis of major European and Global Governance issues.

The 8th PhD School will be held in Brussels from 8st - 12th of June 2009 and will focus on the "Global Governance, Regionalism & the EU: Challenges & Debates shaping IR theory in the early 21st century".

The deadline for applications is the 20th of April 2009. For further information have a look at the following links:
